

You Can Stand By Our Real Estate Financing Services

“ We'll be there every step of the way to ensure that the mortgage program you choose suits your specific Real Estate and Financial goals. ”

Why should you choose The Eagle Financial Group for your next real estate financing transaction?

We understand that trying to find the right home loan can be a difficult and time consuming process. Finding the right company to help you get your loan can be even more confusing. With literally thousands of available lenders to choose from, borrowers can easily become overwhelmed. This is why it is important for consumers to consider working with a mortgage broker, a licensed mortgage professional, who will help you navigate the mortgage maze. A mortgage broker can shop your loan at hundreds of different lending institutions, such as Washington Mutual, Wells Fargo, Bank of America, Citibank, World Savings Bank, and many more. Mortgage brokers can offer even lower interest rates than these banks offer their preferred clients and will help you determine the best mortgage program for your specific real estate and financial goals.

We want to inform you about all the different mortgage programs available to you, how these programs can complement your current financial position, and how they can help in obtaining future financial goals. *It is our professional promise to you that we will help you choose the best mortgage program that will benefit you the most.*

This is why we present the best financing recommendations from only the top lenders – so you can make an *informed decision* on which mortgage program is best for you.
